

# DR. LEE M. deLACY

June 21, 2021

Dear Patients and Colleagues,

As of July 29, 2021 and after 40 years in medicine, I am announcing my retirement. It has been my consummate pleasure and privilege to serve our community for the past 40 years as an Internist and Gastroenterologist and I want to thank my patients that have entrusted me with their care in offering my medical advice and expertise. Over these past 4 decades, I have appreciated your loyalty tremendously and will take those memories with me and all that I have experienced into my retirement. I have always tried to give the best care possible to my patients to better their quality of life which improves their attitude, their life's enjoyment and relationships with others, all of which are amazingly important goals. It is always hard to decide when to retire, but part of that decision was influenced by being a two-time cancer survivor which puts a unique perspective on your life and expectations. As for my future plans, I now want to take my life in an exciting and different direction creatively and have many hobbies I want to explore as well as spending more extended quality time with my family.

I would be remiss if I didn't give an immense thank you to my hard-working and dedicated partners and colleagues along with the entire remarkable staff at both Gastroenterology Consultants and Burlington County Endoscopy Center who steadily keep everything operating in front of and behind the scenes. My hope is that you will let them continue to guide and support you with your medical needs and care in the future.

If you have any questions or concerns now or in the future, please feel free to get in touch with Nancy Minich, our office manager at 609-265-1700.

I wish you all good health and happiness,

Dr. Lee M. deLacy  
Gastroenterology Consultants Of South Jersey
